

Driver's Training Program

Auberle offers a Driver's Training Program to help young people 16 years of age and older with obtaining a valid Pennsylvania Driver's Licence. The program is ideal for an individual who may not otherwise have access to a vehicle to use during their on-road test.

Requirements:

- You must be 16 years of age or older
 - You must not have any pre-existing or current offenses that would prevent you from obtaining a license in order to begin the program. If you do have current offenses, Auberle can assist you with researching the steps you would need to take to have your eligibility reinstated by the Pennsylvania Department of Transportation to become eligible to obtain a license.
-

How Can Auberle Help You Get Your License?

- *On-line Education Course:* The 30 hour on-line education course prepares you for the written exam for your learner's permit.
 - *Behind the Wheel Instruction:* You will receive six hours of behind the wheel instruction from a state licensed driver's training program. Once completed, you will receive a certificate of completion.
 - *Driving Test:* Auberle will help you make the necessary arrangements to take your on-road driver's test. This includes making arrangements for a vehicle to take your test, if need be.
