Federally Qualified Health Centers or Sliding Fee Clinics

These types of clinics will see patients with or without health insurance. For people without health insurance or for those who have very high annual deductibles, services may be provided at a lower cost using a sliding scale based on income and household size. Always call ahead to make an appointment and to ask what documents are needed to apply for the sliding scale fee for services.

 Locations marked with this symbol are offering free testing. Please call for more information. No walk ins.

Free Adult Clinics

Most of these clinics are staffed with volunteers. Services are provided at no cost for those who are completely uninsured. Some are walk-in only, while other require appointments. For the walk-in clinics, be sure to come early to register.

Birmingham Free Clinic-The Program for Health Care to the Underserved Populations

44 South 9th St
Pittsburgh, PA 15203

412-481-7900 ext. 281

412-692-4706 Mary Herbert, Clinical Outreach Coordinator

www.birminghamfreeclinic.wordpress.com

Services are solely for medically indigent (those without any health insurance). Patients with insurance, including Medical Assistance, will be referred to community health centers or evaluated on a case-by-case basis for services. No appointments needed for the Walk-in Clinic hours of operation, but staff can limit the number of patients accepted, depending on how busy the clinic is. Visits by appointment are available for returning patients. **Patients must be 18 or over and are advised to come as early as 45 minutes to 1 hour prior to registration times of the Walk-in clinic.**

Basic primary care, medication access, PAP testing, mammogram vouchers, oral and long-acting contraceptives, blood pressure and blood glucose screening, smoking cessation, physicals for jobs, housing, driver's licenses, etc. **Patients must bring necessary forms.** Specialized care including dermatology, pulmonology, cardiology, vision screenings, podiatry, occupational therapy, physical therapy, audiology, psychiatry, endocrinology, and

smoking cessation may be available. Pediatric care provided for children without health insurance the second Saturday of every month by SALUD Para Ninos of Children's Hospital of UPMC (call **412-692-6000 option 8** for more info). Prescriptions will NOT be written for ANY narcotics, nor will any be dispensed. No X-rays or blood work on site.

No drug screens/testing performed.

Hours: Monday 5 p.m., Wednesday 1 p.m., Saturday 9 a.m. Clients may not park in the Salvation Army Thrift Store parking lot. Clinic entrance is in the back of the Salvation Army Building, off Cabot Way. Patients are seen on a first come first serve basis.

Braddock Free Clinic

<https://www.freeclinicofbraddock.org>

415 6th Street
Braddock, PA 15104
412-723-2086

Saturday – 9:30 am to 2 pm (last patient seen at 1:30 pm)

Walk-in clinic only for people without any form of insurance. Clients must be 18 or older. Care is provided by medical volunteers.

Catholic Charities Free Health Care Center

<https://ccpgh.org>

1-800-553-7499

This agency can assist Medical Assistance recipients in getting connected to recovery support services in their insurance network.

Federally Qualified Health Center (FQHC)

<https://findahealthcenter.hrsa.gov/>

Community members seeking recovery support services are encouraged to contact their local Federally Qualified Health Center to determine if they offer drug and/or alcohol services at their location, or if they are able to provide a referral to another agency that the community member can easily access. Most FQHC's work off of a sliding scale payment system where individuals seeking support pay for services based on their income level and ability to pay.

Overdose Free PA

<https://www.overdosefreepa.pitt.edu/find-local-resources/find-naloxone/>

This site offers individuals access to pharmacies with a standing order for Naloxone where community members can access this overdose prevention medication without a prescription. Some pharmacies will require that that individuals making a request must complete a free Naloxone training. The two approved programs in Pennsylvania include:
